## A CHAUTAUQUA FOR RUSHVILLE

This Summer, Thanks to the Enthusiastic Promoters Who Have Worked Hard.

### FLYING SQUADRON A SUCCESS

Two Hundred Tickets Were Sold Today, Making the Necessary Number.

A Chautauqua for Rushville this summer, thanks to the enthusiastic promoters, who pushed the movement from start to finish. It was necessary to sell eight hundred tickets to insure success and up until last night only six hundred had been disposed of.

An enthusiastic meeting was held in the court house assembly room last night and plans were made then to push the movement through to success today. And the plans were the kind that would win because in a canvass this morning one hundred and thirty tickets were sold and the majority went this afternoon.

A flying squadron was the name affixed to the plan and it is something which has never before been tried in the city. Lincoln Guffin, John A. Tittsworth, T. A. Craig, W. O. Headlee, A. E. Martin and Carl Nipp were selected at the meeting to make up the various parts of the squadron and the swooped down on the city this morning with great rapidity and were successful. They employed the services of F. E. Wolcott's touring car and in this manner were enabled to cover the territory.

The Chautauqua will now be pushed with all the rapidity possible and work will be started immediately on the program. Many good numbers have been considered, but nothing definite has been done. Now that it is assured, the work will be started soon.

At the meeting last night an organization was perfected and the following officers and committees appointed:

## THANKING ONE AND ALL

Knightstown Paper Throws Bouquets at Rushville.

The uniformed rank company from Ivy lodge, Rushville, twenty-four in number, attended the decoration services here last Sunday, says the Knightstown Banner, the entire bunch coming up in automobiles. There is at least one thing we have always noticed about our sister town of Rushville—her citizens never do anything by halves.

## RUTLEDGE DOING NICELY

His Condition is Improving Every Day.

John Rutledge, who was struck by a Pennsylvania passenger train last Tuesday morning, is doing nicely, says the New Castle Courier. His condition is improving right along, due largely to his strong constitution and the attention given him. He will be able to be out in a short time.

## MADE LONG TRIP IN AN AUTOMOBILE

Arthur Irvin Drove From This City to Michigan City in a Short Time.

### CONTENDED WITH BAD ROADS

Arthur Irvin, who left here last Sunday morning in his automobile, writes that he arrived in Michigan City Monday very much elated, believing that he made the longest drive ever made by anyone in the county. He went by way of Goshen, Warsaw, and South Bend. Much of the road was bad and he could not make very good time. He writes that near Goshen the machine was hub deep in mud for several miles and could scarcely pull through. He and his daughter, Mrs. David Kiser, who lives in Michigan City, are attending the automobile races at Crown Point.

## STATE OFFICIALS COME TO GRIEF

Game and Fish Commissioners Victims of Joke Perpetrated by "Doc" Emory.

### THOUGHT HE WAS A VIOLATOR

Four fish and game commissioners have been hanging around Rushville for several days in an effort to catch a violator of the law, but they dealt with the wrong man today and were the victims of a practical joke, which caused no end of merriment.

"Doc" Emory, chief lineman on the I. & C. traction line, is continually talking about fishing, but very seldom goes out after any. The commissioners had heard that he was reported to have violated the law and they have been around the traction station for several days. Today Emory filled several sacks with grass and walked around in front of the officials with the bags over his shoulders and was immediately accosted by them.

"Where are you going and what have you in those sacks?" they asked him.

"None of your business," was Emory's curt reply.

They made such urgent demands to see the contents of the bags, evidently thinking that he had fishing nets in them, that Emory finally opened them and explained that he was going over to feed his horse. The joke was on the fish commissioners.

### SHIPMENT OF CATTLE

Charles Stuart of this place and Merrill Ball of Rush county, says the Knightstown Banner, made a shipment of two car loads of fine cattle to the Pittsburg market last Saturday. Charles Stuart and James Troxell accompanied the shipment, returning to Knightstown Tuesday.

## Give the Boosters A Passing Thought

Rushville will eventually boom and the perfection of an organization is sure to hasten it. It is suggested—

That if you have a vacant lot you build on it this summer. Help Rushville.

That vacant lots are not attractive.

That building material is cheaper this year.

That other towns are building a great deal this season.

That no new rooms or buildings ever stay unoccupied long.

That a good factory manufacturing a staple article always pays a big per cent on the investment. Local capital could easily start some new ones.

That when the tariff agitation is over, business will bound upward again and everybody ought to get busy.

That the Warfield & Wilson site would be a good place to locate a new factory.

That the old buggy plant might be easily secured for a new industry.

That the Rushville Improvement Association ought to get to work again.

That it is reported that Francis Brothers expect soon to erect a large new building and to increase the capacity of their plant.

That Innis & Pearce never was so prosperous.

That we simply must have that new opera house.

That the city officials are the ones to make a long hard pull for that Union depot.

That if it's a good thing for doctors, lawyers and dentists to organize, it's a better thing for business men to associate themselves together for the good of the town.

That you simply can't afford to spend your money out of town. The home merchant does things here. Help him along.

That we can do anything if we try hard enough.

That the poet wrote truly when he said "Lives of great men all remind us, etc."

That piano factories are considered fine in New Castle, Richmond, Connersville, Shelbyville, Brazil, Tip-top and other places. Why not have one here?

It would be a good thing to print

matter on the backs of your business envelopes, setting forth the advantages of Rushville, its transportation facilities, etc.

That we might use that little surplus in the Improvement Association in advertising Rushville.

That everybody takes pride in the live stock interests of Rush county. Nothing advertises a county better than to have herds of improved live stock and big sales to dispose of them.

That a new office building with modern conveniences on Main street would attract tenants.

That it was a new thing to see a "flying squadron" operate in Rushville. It was done today for the first time. It has been used in Indianapolis and other larger cities, but never here before. It was composed of Lincoln Guffin, T. A. Craig, A. E. Martin and John A. Tittsworth. They had two hundred Chautauqua tickets to sell to make a success of the movement. They struck everybody they met successfully.

That since a "Coffin factory" is talked of for Rushville to be located in the old buggy factory all the "dead ones" ought to get busy and subscribe for stock.

That it would be a great idea to revive the old combination horse sales. They were a great success and ought to succeed again.

That the oiled streets are fine. They furnish no dust storms, are smoother for traffic and better every way than before.

That it would be fine to have the Tri Kappa's minstrels on for one night of the chautauqua. Everybody regrets that they have not been heard before in Rushville.

That a large "reception committee" composed solely of ladies ought to be appointed on Hobson day to greet the "Hero of the Merrimac."

That since the lawyers have perfected a permanent organization and the doctors and dentists already have one, it is now up to the business men.

That there are numerous hidden opportunities in Rushville which have never been developed.

That if you have a knock, keep quiet; if you have a boost, cry it out from the house tops.

That Rushville is going to boom, bound to boom, and eventually will boom.

light with a complaint against the L. E. & W. railroad on account of the poor service. They claim and say that they can prove it that they never get their mail regularly and that sometimes it accumulates for several days before it is delivered. Raleigh is situated in a triangle only three or four miles from three different railway systems and still can get no mail service either coming in or going out. The people there cannot send out an answer to a letter short of two days.

## VETERAN WILL LIVE TO A RIPE OLD AGE

A Newspaper Man Has Figured That One Old Soldier Will Be Alive in 1954.

### LARGE NUMBER DIE EVERY DAY

It will be interesting to the veterans of the Civil War and all others to know that a newspaper man has decided that there will be one veteran still alive in 1954.

"I figure," says the scribe, "that the last veteran of the war of 1861 to 1865 will be alive in 1954. At the present time there is a veteran of the Civil War alive at the age of 108, and the last veteran of the revolution died in 1869 at the age of 109. Figuring that at least one of the Civil War veterans who are now 62 years old will live to that ripe old age, he will be alive in the year 1954, or 45 years from now. A number are living at the age of 90. 1937 there will still be quite a few, but they will not be marching in Decoration Day parades."

It is estimated that 94 veterans of the Civil War die in the United States every day, or one every 15½ minutes. There are 60,000 veterans of the Civil War still alive.

## EFFORT MADE FOR ASPHALT STREETS

Representative of Indianapolis Firm Endeavoring to Secure Contracts For Paving.

### EXCELLENT DRIVE IS PLANNED

A representative of a street paving company in Indianapolis is in this city endeavoring to secure a contract from the residents on certain streets to build asphalt streets. It is planned to run the proposed pavement from First street north on Perkins, thence west on Eighth and turning south on Harrison down to First and east on First to Perkins. This would make a square of paved street which would make an excellent drive. Several residents along the streets named have already signed the agreement for the improvement and it is thought that it will be finished within the next few days. In case the movement is a success, a permit will be obtained from the city council and work begun soon.

## HOME WEDDING IS SOLEMNIZED

Nuptials of Miss Josephine Orwin and W. J. Kinsley Held in Indianapolis Last Evening.

### BRIDE IS A FORMER RESIDENT

Mr. and Mrs. Hillary Haydon, of this City Attended the Ceremonies.

Concerning the beautiful home wedding of Miss Josephine Orwin, who formerly lived here, in Indianapolis, last evening, the Indianapolis Star says:

"One of the attractive weddings of the week was that of Miss Josephine G. Orwin, daughter of Mr. and Mrs. Winfield Scott Orwin, and William Virgil Kinsley, which took place last evening at 8 o'clock at the home of the bride on North Pennsylvania street, the Rev. Allan B. Philpott, pastor of the Central Christian church, officiating. The decorations for the wedding consisted of branches of maple leaves and cawaba blossoms arranged on the mantel in the ceremony room. In the adjoining rooms were roses and carnations, which filled the vases and wall baskets. In the archways curtains were formed of smilax and draped against the walls were festoons of greenery.

"The attendants for the wedding included a sister of the bride, Miss Helen Mildred Orwin, and a brother of the bridegroom, Guy Richard Kinsley. Just in front of the bridal couple was the ring bearer, Anna Margaret Whitesides, who was dressed in a dainty white chiffon frock and carried the ring in a basket of sweetpeas. The wedding march was played by Miss May Scholler, pianist, and Robert Henry Orwin, violinist, and during the reading of the ceremony 'Hearts and Flowers' was softly played.

"The bride was given away by her father. Her gown was of white silk mull, made princess and trimmed with Irish and point lace. She carried an arm bouquet of bridal roses. Miss Orwin was gowned in pink silk mull, made empire and combined with pink net. She carried pink roses. Miss Scholler wore a pale blue silk chiffon, made in the empire and trimmed with Persian bands.

The ceremony was followed by a supper and reception, the bride's table being laid in the dining room. The appointments there consisted of pink roses, arranged in French baskets, and draped from the chandelier to the corners of the table were festoons of filmy pink tulle. At each place there was an individual crystal candlestick, lighted with a pink taper. Seated with the bridal couple were the parents of the bride and bridegroom and Mr. and Mrs. William Kinsley, Miss May Scholler, Robert Henry Orwin and the Rev. and Mrs. Allan B. Philpott and the members of the wedding party.

Mrs. A. W. Tompkins presided at the punch bowl in the hallway and the assistants in the parlors were the Misses Zetta and Stella Kinsley, Mrs. Helen Vanway of Shelbyville, and Mrs. V. H. Gray of Shelbyville, Miss Mina Green of Logansport and the Misses Myrtle and Elizabeth Orwin, the bride's sisters.

"Mr. and Mrs. Kinsley will be at home to their friends at 10 Norman court after August 1.

"Among the guests from a distance were Ray Maxwell of Lafayette; John Cade of Covington, Ind.; Mr. and Mrs. S. C. Yager of Franklin; Miss Nina Green of Logansport, and Mr. and Mrs. Hillary Hayden of Rushville."

Rushville is going to boom.

# FATIMA

## TURKISH CIGARETTES

### Forging Ahead

The sale of Fatima Cigarettes last year was double that of the year previous. In five years their sales have jumped from almost nothing to over one hundred million a year—and the demand is still growing.

The reason for this popularity is found in their superior quality and unusual quantity, which make Fatima the greatest value ever offered in cigarettes.

### AN UP-TO-DATE DRUGGIST

says it is surprising about the idea of using sage for restoring the color of the hair. Our great grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or straked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c. and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortland St., New York City, upon receipt of price. #### MAKES GOOD, HEALTHY FLESH.

F. E. Wolcott Offers to Pay for Samose if it Fails.

Begin the use of Samosetoday, and you will soon notice a gain in good, healthy flesh. To all who are thin, weak and run down, this remarkable flesh-forming food promises plump, rosy, perfect health, vigor and vitality.

Most people eat enough to become fat; the trouble is not lack of food, but lack of assimilative power.

Samose mingles with the food that is eaten, so that it is assimilated by the blood, and builds up pleasing plumpness and good healthy flesh. Those who use Samose for a week or ten days will soon notice a gain in weight and an improvement in general strength and health.

Put good, solid flesh on your bones and you will be strong and well. In no other way can this be done than by the use of Samose. It gives plumpness and physical grace to the thin and scrawny, and will make you bright, rosy and normally fat.

Samose is in tablet form, pleasant to take, and is sold by one of the most reputable drug stores in Rushville, F. E. Wolcott under his personal guarantee to refund the money if it does not give satisfaction.

## DO NOT SLEEP ON STRAW TICKS

Disease Known as "Straw Itch" is Result of Such a Habit—Is Only Cure.

#### MANY TROUBLESOME CASES

The Insect in the Wheat is Very Small and the Source of All Trouble.

"Straw itch" is the new name for a disease that has been prevalent for a year or more in this vicinity, says the Connersville News of an affliction of which we are familiar with in Rush county. The name is home made and has no Latin flourish to it as it is derived from the cause of the disease recently discovered and with the discovery the cure is revealed which any housewife can apply. The disease usually took the form of rash or "shingles" with itching that well nigh was intolerable. The discovery was made by an east side housewife with extra good eyes.

Briefly told, the facts are these: The people who filled bed ticks with last year's wheat straw have since been sleeping above colonies of millions of little pests which under a glass appear as little flies. There was talk last year of a new kind of pest attacking wheat and the theory is that eggs were then laid which hatched later, especially in beds where the straw was placed. Corroboration is also found in the fact that persons baling straw during the hot months last year were troubled with a "breaking out." Men carried the straw and made a roadway of it for the gravel teams to pass over last fall while the big fill was being made, soon found their necks, breasts and arms covered with small eruptions that itched continually.

The lady's discovery was made about a week ago. The straw tick was removed, its contents emptied and the tick itself washed. Baths were taken and the torment that the family had suffered for months ceased at once.

The glad news was carried or telephoned to neighbors similarly afflicted and they, too, got busy and good results followed. The insect is so small that it can readily penetrate through the meshes of ordinary fabrics used for wearing apparel. The backs and sides of sleepers which were always nearest the camping ground of the pests were the usual places of attack.

Dr. Rawls conducted quarterly meeting at Ebenezer Sunday morning. There was a large attendance with one accession at the close of the service. A big dinner was served on long tables under the maple trees, and it was a big dinner. In the afternoon Children Day exercises were held. We think the crowd that attended this service was a record breaker for church gatherings in Orange township. It is estimated from 1000 to 1500 people were in and about the church and many came and drove away when they found they could hardly get inside of the church.

#### NEEDFUL KNOWLEDGE

Rushville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use one set of Doan's Kidney Pills. Here's Rushville proof:

Harrison Levi, farmer, 931 North Sexton St., Rushville, Ind., says: "I have tried a great many kidney remedies and I have found Doan's Kidney Pills to be the best. I procured them at F. B. Johnson & Co.'s drug store, and besides strengthening my back, they removed the pains in my loins."

## Peoples' Column

To the Editor of the Republican:

The narrow mindedness and partisan prejudice displayed by the chief editorial writer of the Daily Democrat in the front page article in last evening's issue, in which he withdraws the support of his influential organ from the Chautauqua movement is enough to make fair minded persons weep in despair.

Your paper has met the approval of every fair person in the city in its policy of always saying kind things and absolutely refusing to make any personal attacks upon local Democrats, who are in the political arena either at home or abroad.

You have been especially fair with the political career of the law partner of the gentleman responsible for last night's editorial diatribe on Watson. Neither during his campaign for the nomination or for the election was anything but kind words ever permitted in your columns concerning the candidacy of the Hon. Frank J. Hall for lieutenant governor of Indiana. This is the correct policy for any successful paper to pursue. Everybody should be glad when any local man succeeds in anything. Everybody should say kind words and express their appreciation of his successful career whether it be in politics, business life or a professional career.

But Rushville has always been blessed with a few people who believe that the only way to succeed is by carping criticism of every thing and everybody, by mud slinging, by personal attacks and malicious assaults upon the character and fair name of others better than themselves.

It is needless to say that no newspaper or individual who indulges in such tactics will ever have anything but the disapproval of all fair minded citizens and final bankruptcy and financial failure ahead of them.

The Hon. Richmond P. Hobson is to appear on the program of the Rushville Chautauqua on one of the big days. It has been arranged that the lieutenant governor of Indiana, the Hon. Frank J. Hall, will preside, and it is expected that all the local Democrats will take a special interest in that day and do all they can to help swell the attendance. On that

## A Safer Fourth

Now silly-sad the cry breaks forth,  
"Let's have a safe and saner Fourth!"  
The day draws nigh when plain folk  
strives  
To lengthen out their fleeting lives.

The dogs who have their children sow  
As they;—do mollycoddles grow,  
Demand their exit from the fray,  
For men must go—who cares the  
way?

The world no nobler chiefs did choose  
Than Grant who burned the mortar's  
fuse.

No greater heads lived than today,  
With three-score Fourths their own  
loose way.

Let's not so cruelly advocate  
Our foremost day to culminate;  
But load us down with shot and shell.  
In city's throng or rustic dell.

Command youth's frivolities release;  
Let powder's strength—withal Sweet  
Peace—  
Prepare their way.

Let cannon's belch vibrate the hills,  
Intoning sentiment—that thrills—  
Within each heart.

Let aviators of the heights  
While soaring midst the darkening  
nights,  
Recall their Freedom, and our  
Rights,  
And celebrate a million lights,  
Of red, and white and navy blue,  
And rockets charge of azure hue.

Let Edifices built to teach,  
Their staff-flags Patriotism preach;  
The touring car let's disdain;  
From rustic swimming pools refrain;  
But never, never let us pass  
The Glorious Fourth to Dreadnaught  
class.

JESSE WILLIAM GUIKE.

## POSTOFFICE GOING AFTER BLACK HAND

### Another Batch of Suspects Taken at Cincinnati.

Cincinnati June 18.—In a spectacular raid made by postoffice inspectors and city detectives a patrol wagon full of Italians was rounded up last night and taken before Federal Commissioner Loveland. The party arrested comprised an even dozen men, and two of the number, Vincenzo Arigo, fruit dealer, and Frank Spadero, saloon keeper, were held over on warrants charging them with conspiracy in connection with an alleged attempt to extort money from John Amicon of Columbus, O., by Black Hand methods. The remaining ten were allowed to go, though it is said some of them are to be kept under surveillance and will be called as witnesses.

Inspector Oldfield, who led the raid which resulted in the arrest, said that proof had been obtained that Spadero up to three weeks ago was the local president of the Society of the Banana, since succeeded by Salvatore Lima.

In the raid a large amount of literature was captured which the inspectors declare has an important bearing on the cases of the Black Hand suspects recently arrested at Marion, Columbus and other Ohio points. The arrests were made in Spadero's saloon, and in addition to the alleged incriminating literature, stilletos, daggers, revolvers and other weapons were found. A stiletto taken from one of the men arrested contained blood that had dried upon the blade of the ugly-looking instrument.

The two men held, and against whom warrants were issued, will be taken to Cleveland for trial.

### THE OTHER SIDE OF IT

Japanese Find It Necessary to Do a Little Exclusion Themselves.

Honolulu, June 18.—Dr. Thomas Greene, who has been in Japan investigating the labor conditions, has returned to Honolulu. He reports the deportation of 200 Chinese laborers and partisans from Yamaguchi, capital of a prefecture in southwestern Japan, for underbidding Japanese workmen. The deportation, declared Dr. Greene was made under a secret decree which gives provincial governors summary authority to expel undesirable persons from the province. The action of the provincial governor in deporting the Chinese workmen, he said, had established a precedent which was embarrassing the government at Tokio in dealing with the American immigration question.

### The Klein Trial In Progress.

Paxton, Ill., June 18.—The trial of Joseph B. Klein of Chicago, a private in Company A, First regiment, Illinois National Guard, for the murder of Earl Nelson, sixteen years old, who was stabbed to death at Kankakee, Aug. 15, 1908, with a bayonet while trying to board a special train in which troops were going from Chicago to Springfield to quell the race riots, is in progress here.

## INDIANA POLITICS

By Robert G. Tucker.

Indianapolis, June 18.—According to Superintendent Shumaker's figures, 989 licensed saloons have been either put out of business or will be forced to quit business at the expiration of ninety days from the date of the county option election affecting them, in the sixty-one counties in which such elections have resulted in "dry" majorities. In these sixty-one counties 1,100 saloons had been compelled to go out of business under the township and ward remonstrance law. In the twelve counties which have not held local option elections, 249 saloons have been closed by the remonstrance law. In the twelve counties which have voted "wet," 141 saloons have been closed through the operation of the remonstrance law. The remainder of the total of saloons ousted (67) is found in the number put out of business by the action of city councils which have declared residence districts. Between the saloon license report for 1908 compiled by the state statistician and that for the same period compiled by the league, a discrepancy of 248 saloons is shown in the number closed by remonstrance. The statistician's report is compiled from reports sent in by the county auditors and shows 465 saloons closed under this law, while the league reports show 713 so closed. J. L. Peetz, state statistician, is inclined to think that the league is the more accurate because it deals with the saloons direct, while the auditor's reports are made from the applicants for retailer's license.

The stand Senator Beveridge has taken during the tariff debate has alarmed some of the Democratic leaders, who say that something will have to be done to offset the impression he has made. With the Republican newspapers telling the people every day that Beveridge is their champion, and seeking to prove it by declaring that Senator Aldrich and a majority of the senate Republicans are trying to enact a tariff bill in behalf of the "interests," the Democratic leaders fear that a lot of sentiment favorable to the re-election of Beveridge is made. As matters now stand it seems as though the Republicans in Indiana will oppose the position of a majority of their representatives at Washington on the tariff next year. The fact that Senator Beveridge is the party's only candidate for the senate, and that he has stood so emphatically for a lowering of the schedules is regarded as a sure indication of what the party will do. Most of the Republican congressmen who were defeated in Indiana last year were standpatters of the strongest type. Under the circumstances

Rushville is going to boom.

the outlook is that the Republicans will advocate a radical revision of the tariff in Indiana next year.

## THROWN FOUR STORIES

Mother and Babe Rescued in a Bad Fire at Cincinnati.

Cincinnati, June 18.—Nearly a hundred men, women and children were in peril of their lives when a fire, starting from a gasoline stove explosion, spread through a five-story tenement at the northwest corner of Front and Sycamore streets yesterday. But for the heroic efforts of firemen, police and citizens, who carried down ladders or through the smoke-filled hallways dozens of the panic-stricken and half-suffocated people, many fatalities might have resulted.

One woman, Mrs. Nicholas Bahree, hemmed in by the flames, took desperate means to save herself and her child by dropping her nine-months-old baby from the fourth-story window into the arms of Richard Wheeler, a stalwart drayman, on the street below, and then leaping from the same window herself. The baby was caught and saved from injury without much trouble, but it was only by a miracle almost that the terrible leap of the woman from the window ledge four stories above the street did not result fatally. But the iron muscles of Wheeler and three or four policemen, who stood together braced for the shock, broke the fall of the woman, and, although they were all knocked down, the woman escaped unhurt.

## THEIR AIM WAS GOOD

Two Men Instantly Killed in Pistol Duel in a Louisville Saloon.

Louisville, Ky., June 18.—Frank Sliggers, a railroad detective employed by the Kentucky & Indiana Bridge and Railroad company, and W. T. Charles, a switchman for the Illinois Central Railroad company, engaged in a pistol duel which resulted in speedy death for both. Charles had engaged in a clash with an employee of the Kentucky & Indiana company over a matter of routine work, and when Charles and Sliggers later met in a saloon at Thirtieth street and Cleveland avenue they engaged in an altercation which ended when they drew pistols and shot each other to death.

### Fight For Free Paper.

Washington, June 18.—The battle to place wood pulp and print paper on the free list has been opened up in the senate under the leadership of Senator Brown of Nebraska.

### Joseph Nipper Acquitted.

## INSANE MAN HAS RATIONAL PERIODS

William Kelly Probably be Sent to Asylum at Richmond—Hopes of Recovery.

### IS UNCONTROLLABLE AT TIMES

William Kelly has been declared insane by a lunacy commission composed of Drs. Frank and Lowell Green and W. S. Coleman. He has been ill for several days and has become uncontrollable at times. Again he is perfectly rational and acts as if nothing had ever happened. He has been employed at Riverside park and rooms at the Grand hotel. An application has been made to put him in the asylum at Richmond, but the physicians have hopes of his recovery before the permission is granted.

The number of postoffices in the United States is nearing the 62,000 mark, although thousands have been discontinued since rural free delivery was introduced.

## GUN CLUB SHOOT WAS A SUCCESS

Good Sum of Money Was Cleared For the Club From the Tournament.

### RECORDS MADE WERE GOOD

Visiting Sportsmen High in Their Praise of Local Members—Yesterday's Official Score.

Last night marked the close of the second annual registered tournament of the Rushville Gun and Country club. It was more successful than the first event in many ways, attracting a larger number of good shots and also more local people took an interest in the events. The visiting sportsmen were high in their praise of the local members and said that they never had received better treatment in all of their travels.

From a financial standpoint the shoot was a success indeed. Although the secretary has made no official report it is estimated that the shooters made nearly one hundred and fifty dollars for the club. This will help much since the club is in its infancy and has numerous plans for improvement. The country club feature brought in a good round sum, but not enough to carry out the various plans which have been considered.

The scores were all up to the standard, although there were no better records made than those last year. The scores in yesterday's shoot follow:

In the back lot and give him a thrashing he won't forget to the day of his death!"

She was about to answer when from a distance came the roll of drums and then the sound of a bugle. The sounds came from afar off, as if below the cliff.

They both stopped to listen. Then the servants came running, with Mariano at their head. They rushed to the wall and leaned over, all excitement. Mariano turned to call to them over his shoulder:

"The bandit of Russia! The soldiers think he is hidden in a grotto under these cliffs!"

As he spoke Almeric ran down the steps with a shotgun in his hand and made for the steps leading down the face of the cliff. Pike turned to Ethel.

"I saw that fellow on the road here. What's he meant for?"

Ethel turned angrily from the lawyer and called sharply to her fiancé:

"Almeric!"

St. Aubyn turned and stopped. "Hello!" he said.

"I wish to present my guardian to you," and turned to Pike as Almeric approached. "This is Mr. St. Aubyn," she said steadily.

Almeric stared at Pike through his monocle and laughed.

"Why, it's the donkey man, isn't it? How very odd! You'll have to see the governor and our solicitor about that settlement, though. I've some important business here. The police are chasing a badly convicted chap under the cliff yonder, so you'll have to excuse me. You know there's nothing like a little convict shooting to break the blooming monotony—what?"

He turned and rushed off down the

came to tell him that his rooms were ready and that Herr von Grollerhagen was awaiting him. Then for the first time he awoke, and, with a sigh of resignation as he realized the battle he had before him, he gave a curt order that the automobile, which had broken down on the road to the hotel, should be placed in the entrance garden, for he proposed to do some tinkering upon it.

"If that don't beat!" he muttered to himself and then allowed the remark to remain unfinished, for he could not imagine one thing that the incident could be supposed to have beaten. It stood alone in a little hollow square by itself and positively refused to surrender to any comparison whatsoever.

"And that—that—nine cent imitation of a man," he growled at last—"that vilification upon the—the—genus homo!" he finished, with a flash of pride. Then he went off to his rooms and tried to adjust himself to the matter as he saw it and incidentally to bring some of that astute legal training gleaned from contact with farmers, promoters and other citizens to bear upon the case.

Horace in the meanwhile had walked along the cliff, wrestling with the situation as it appeared to him. There was not the faintest doubt in his mind that the noble earl would break off the match because of the humiliation his equally noble family had been subjected to by the incursion of this vulgar guardian.

Hot and tired, he returned to the hotel with some of his anguish worked off and sought his sister. She, however, was locked up in her own room and would only insist that he go away.

went on abstractedly, "One wore clothes of gray," and seemed to be absorbed in his work, so that Horace was forced to go on.

"I have been even more upset by what I have just learned."

"Why, that's too bad," answered Pike, fishing for a nut in the bottom of the tonneau.

"It is too bad—absurdly—monstrously bad! Lady Creech tells me that my sister did you the honor to present you to the family with which we are forming an alliance—at least to a portion of it!"

"Yes, sir," answered Pike, "and promised to present me to the whole possetucky of 'em!"

"I'll not listen to you!" cried Horace in a rage. "And I warn you that we shall act without paying the slightest attention to you!"

Pike straightened up a trifle.

"Your sister kind of hinted in her letter that you think a good deal of this French lady—the widow. I suppose you have made up your mind to take her for richer or poorer, eh? Now, what's she going to give you?"

Horace stopped short in horrified amazement.

"Why, I thought you'd charge her something—just a little. Ain't that the way over here?"

"It seems impossible for you to understand our motives in trying to lift ourselves above the common herd. You are trying to interfere between us and the fine flower of Europe," went on Horace excitedly.

Pike straightened up and looked him in the eye quizzically.

"I never heard none of the folks around Kokomo speak of your pa as a 'fine flower,' but we thought a heap of him, and when he married your ma he was glad to get her, and I never heard that he asked for any settlement. When she took him he was a poor man, but if he'd had \$750,000 I'll bet he'd 'a' given it for her."

Horace turned short about and retired from the scene. It was evidently impossible to argue with this plebeian. As he went toward the gates he met Almeric and Lady Creech and informed them eloquently of the ill success of his attempt to reason with the lawyer. Then he went out again to the cliff.

Almeric accompanied him a few steps and then turned off to the village, for he said he simply must take another look at that pup. And Lady Creech announced that she intended to have "forty winks" in her own room. Five minutes later Daniel, looking up from a superb rendition of "Dolly Gray," saw her glaring at him from her window.

Then came the Herr von Grollerhagen from the hotel. He was the same calm, imperturbable individual as ever, and he smoked with the languid abandon of a man born to ease. He approached Daniel with a smile.

To be Continued.

You Have Dyspepsia.

Just as long as you have dyspepsia your food will not properly digest, and the nutritious elements in the food will not be extracted or absorbed, and impoverished or watery blood will follow.

This condition may not be apparent at first, but it will come just as sure as the sun will rise again.

Any stomach ailment, including all forms of indigestion, can be promptly cured by using Mi-o-na tablets, a scientific treatment unsurpassed.

It stops fermentation, belching of gas and taste of sour food almost at once.

The mighty power of Mi-o-na to invigorate and restore the stomach to perfect condition is known everywhere.

Mi-o-na cures by building up—by banishing the cause. For thin people it is a great flesh builder, because it causes the stomach to give more and purer nutrition to the blood. It cures sea and ear sickness and vomiting of pregnancy almost immediately. F. B. Johnson & Co. sell Mi-o-na for 50c a large box, and guarantees it to cure or money back.

## TRAGEDY IN ILLINOIS TOWN

The Attention Paid to Young Women of Fairfield by the Members of a Traveling Band Led to Resentment on the Part of the Local Gallants and in the Scrimmage Which Followed One Man Was Killed and Another Mortally Wounded.

Fairfield, Ill., June 18.—As a result of a feud between young men of this city and members of a band in a theatrical company showing here, Dr. Charles L. Leininger, secretary of the Wayne County Fair association, is dead with a bullet in his heart, Frank McCullough is dying with a gunshot wound in his abdomen, Richard Sloan is shot through the thigh, and Herbert Orrin Pinnick, eighteen years old, of French Lick Springs, Ind., is in jail. Male members of the company have been paying court to some of Fairfield's girls against the protest of certain local "gallants." Pinnick was assaulted by several young men and badly beaten up. Later on a dark spot on West Main street three men attacked young Pinnick. Three pistol shots rang out and Dr. Leininger fell dead. Pinnick telephoned to the sheriff to come and arrest him.

YOU HAVE probably not yet formed enough "habits." It is likely that you would find the "ad-answering habit" a dividend paying one—and one that would never lure you far away from the best thrift-creed ever devised.

A habit is usually formed through yielding to natural inclination. The ad-answering habit will have to be cultivated—perhaps against present inclination, and through an effort of will.

You are not in the habit of saying "impossible" are you?

## THE SUNDAY SCHOOL.

Lesson XII.—Second Quarter,  
For June 20, 1909.

## THE INTERNATIONAL SERIES.

Text of the Lesson, a Comprehensive  
Quarterly Review—Golden Text, Acts  
iv, 33—Commentary Prepared by  
Rev. D. M. Stearns.

[Copyright, 1909, by American Press Association.]

LESSON I.—Peter and Cornelius, Acts  
x, 1-48. Golden Text, Acts x, 35. "In  
every nation he that feareth Him and  
worketh righteousness is accepted  
with Him." This lesson teaches most  
clearly and effectually that, while God  
regards with special favor all who  
truly seek Him and find a way to  
send more light to those who live up  
to the light they have, yet no righteous-  
ness of ours can save, for there is for-  
giveness of sins only by the blood of  
Jesus Christ.

LESSON II.—Peter delivered from  
prison, Acts xii, 1-19. Golden Text,  
Ps. xxxiv, 7. "The angel of the Lord  
encampeth round about them that fear  
Him and delivereth them." The same  
Lord who redeems us is able to keep  
us and deliver us from all the power  
of the enemy, and He will do this ei-  
ther by taking us home, where the ene-  
my can no longer reach us, or, if He  
allows him to imprison us for a time,  
He will keep in peace and answer  
prayer on our behalf in the best way.

LESSON III.—The conversion of Saul,  
Acts ix, 1-30. Golden Text, Acts ix, 4.  
"He fell to the earth and heard a voice  
saying unto him, Saul, Saul, why per-  
secutest thou Me?" See a vessel  
clothed by God for a great work and  
in God's time and way turned from a  
blasphemer and murderer to be a most  
devoted follower of Jesus Christ. He  
still looks for those who are willing  
to be His chosen ones to bear His  
name and suffer for His sake, coveting  
only His approval.

LESSON IV.—The gospel in Antioch,  
Acts xii, 19-30. Golden Text, Acts, xi,  
26. "The disciples were called Chris-  
tians first in Antioch." God overrules  
all things, even the wrath of man and  
the persecution of His people, to ac-  
complish His purposes, and here we  
see how the scattering of the disciples  
by persecution led to the gathering of  
many to the Lord in Antioch and else-  
where.

LESSON V.—Paul's first missionary  
journey—Cyprus—Acts xiii, 1-12. Gold-  
en Text, Mark xvi, 15, "Go ye into all  
the world and preach the gospel to  
every creature." The risen and as-  
cended Lord Jesus sent the Holy Spir-  
it to gather out from all nations His  
body, the church, by means of faithful  
messengers who would preach the  
word. He must therefore choose His  
messengers and send them where He  
pleases.

LESSON VI.—Paul's first missionary  
journey—Antioch, in Pisidia—Acts xiii,  
13-52. Golden Text, Acts xiii, 49. "The  
word of the Lord was published  
throughout all the region." This ser-  
mon, with that of Peter and Stephen  
in chapters ii and vii, gives us an idea  
of what discourses, according to the  
mind of the Spirit, should be and how  
He would have us use His word and  
preach therefrom a crucified and risen  
Christ and forgiveness of sins by His  
blood, and expect always that some  
will believe and some believe not.

LESSON VII.—Paul's first missionary  
journey—Iconium and Lystra—Acts  
xiv, 1-28. Golden Text, Ps. xvi, 5.  
"All the gods of the nations are idols,  
but the Lord made the heavens." While  
at nearly every place there was much  
fruit, there was also much per-  
secution, for tribulation is the way to  
the kingdom (verse 22). His blood fits  
us for His presence; but, being saved  
thereby, the whole life is a training  
for the kingdom, while He uses us all  
the way to gather others to Him.

LESSON VIII.—The council at Jerusa-  
lem, Acts xv, 1-35. Golden Text, Acts  
xv, 11. "We believed that through the  
grace of the Lord Jesus Christ we  
shall be saved, even as they." Not to  
accept and rest in the finished work of  
Christ as wholly sufficient for our sal-  
vation is to belittle that great work,  
and yet it is not uncommon teaching,  
even in our day, that unless we do  
thus and so, in addition to what He  
has done, we cannot be saved.

LESSON IX.—Believing and doing,  
Jas. ii, 14-26. Golden Text, Jas. ii,  
20. "Faith without works is dead." The  
spirit has written with equal  
clearness through all the writers whom  
He has used that the penitent sinner is  
fully and forever justified by blood  
alone and by faith in that blood be-  
fore God, but also that if there is a  
living faith which thus makes us one  
with Christ there will of necessity be  
a corresponding life of good works.

LESSON X.—The power of the tongue,  
Jas. iii, 1-12. Golden Text, Prov.  
xvi, 23. "Whoso keepeth his mouth  
and his tongue keepeth his soul from  
troubles." He who saves us and keeps  
us and has left us an example that we  
should follow His steps could say,  
"In secret I have said nothing." He  
is certainly able to control our hearts  
and tongues that we offend not, but  
are we willing to have Him always  
on the throne of our hearts?

LESSON XI.—Heroes of faith, Heb. xi.

1-40. Golden Text, Heb. xi, 1. "Faith  
is the substance of things hoped for,  
the evidence of things not seen." Here  
are some notable illustrations of the  
words, "The just shall live by faith." Beginning with the sacrifice by which  
alone salvation is obtained, there is  
the walk with God, the obedient work-  
er, the separated life, but all controlled  
by the glorious future of the city  
and the kingdom, which makes all  
trials here seem so small.

### CHRISTIAN ENDEAVOR.

Prayer Meeting Topic For the Week  
Beginning June 20, 1909.

By REV. S. H. DOYLE.

Topic.—"Pilgrim's Progress"—VI. The  
Hill of Difficulty.—Rom. vii, 14-25; II  
Cor. vi, 1-10.

In our last view of Bunyan's pilgrim  
we saw him at the cross, where the  
burden which he had carried so long  
fell from off his back, filling him with  
great joy and gladness. But, like the  
real Christian's life, when the burden  
of sin is rolled away at the cross his  
journey is not ended. He must still go  
forward, sometimes amid dangers and  
difficulties, as Christian soon discov-  
ered. But with the burden of sin gone  
and the grace of God to sustain us we  
may face trials and temptations with  
confidence that we can overcome them  
even as Christ overcame them.

The Hill of Difficulty was the first  
obstacle that stood in the way of  
Christian's advancement. He met it  
soon after his experience at the cross.  
Because the blood of Christ has  
cleansed us from sin does not induce  
Satan to abandon his efforts to destroy  
us. Indeed, his efforts are all the more  
vigorous. So long as we are out of  
Christ the evil one is not much con-  
cerned about us, but the moment we  
accept Christ he turns his batteries  
against us. Pilgrim found it so, for he  
soon came to the "foot of Hill Difficul-  
ty, at the bottom of which was a  
spring." There were two other ways  
besides that which came straight from  
the gate. One turned to the left and  
the other to the right. They were  
called Danger and Destruction and the  
straight way Difficulty. Two others  
were also present at the bottom of  
the hill. One of them took the way  
called Danger, which led him to a  
great wood. The other took the road  
marked Destruction and was led into  
a wild field full of dark mountains,  
where he stumbled and fell and rose  
no more.

Some people have a propensity for  
taking the wrong road. They follow  
false paths, which lead to destruction.  
But, though Difficulty was rugged  
and steep, Christian selected it. He  
started up running, then came to a  
walk, then to crawling on his hands  
and knees, with great difficulty mak-  
ing advancement. Thus it is with all  
Christians. Difficulties abound. Self  
denial and exertion must be put forth.  
The world allures us; temporal in-  
terests draw us. It is no small diffi-  
culty to overcome evil habits and ten-  
dencies. It is a severe struggle. "The  
spirit is willing, but the flesh is weak."  
"While we would do good, evil is pre-  
sent with us." Sometimes the farther  
we go the harder the way becomes.  
We start on the run, but soon come to  
a walk and then have to crawl. The  
Christian life is no beating at wind,  
but a real antagonist opposes us, and  
we must fight if we would win. But  
what does it matter with Christ to  
help us?

This day the noise of battle,  
The next the victor's song.

Halfway up the hill Christian came  
to an arbor, a pleasant resting place.  
Here he fell asleep and on departing  
later left his precious roll, which con-  
tained his instructions. He ascended  
the hill before discovering his loss  
and was compelled to return. Fortu-  
nately he found the roll, but his care-  
lessness led him to much trouble, grief  
and hardship and should warn us  
against carelessness and indifference.

#### BIBLE READINGS.

Gen. iii, 1-8; Prov. iv, 25-27; Matt. iv,  
1-11; vii, 12-23; xi, 28-30; Mark viii,  
34-38; I Cor. xi, 22-33; I Tim. ii, 1-3;  
iv, 1-8; Heb. xii, 1, 2; Rev. ii, 10.

#### Two Famous Trustees.

A remarkable feature of the last in-  
ternational Christian Endeavor con-  
vention, held at Seattle, Wash., was the  
election to membership in the board of  
trustees of the United Society of Chris-  
tian Endeavor of President Henry C.  
King, D. D., of Oberlin college, Ohio,  
and Mr. William Phillips Hall of New  
York. Both of these gentlemen  
accepted the election with  
great heartiness.

WILLIAM PHILLIPS  
HALL.

Not until long  
after the election  
did any one  
think of the in-  
teresting fact  
that Dr. King  
and Mr. Hall  
were presidents  
of two organiza-  
tions whose  
views and pur-  
poses are popu-  
larly supposed to  
be quite diverse.  
For Dr. King was president of the Re-  
ligious Education association and Mr.  
Hall was president of the American  
Bible league. This is an illustration  
of the spirit of Christian Endeavor,  
which brings together for practical co-  
operation in Christian service all sin-  
cere followers of our Lord.

President Hall is a Methodist and a  
very successful business man. Above  
all, he is an evangelist who spends a  
large part of his time in evangelistic  
work and has led thousands of men to  
Christ. He especially delights in speak-  
ing to men and is known all over the  
United States as "the business men's  
evangelist."

Already he has been of distinguished  
service to Christian Endeavor evan-  
gelistic work, and he also feels a  
warm interest in the foreign work, tak-  
ing especial charge of Christian En-  
deavor extension in South America.  
His splendid physique, genial temper  
and magnificent qualities of mind and  
heart make him an ideal guide and in-  
spiration for Christian Endeavorers.

President King has been at the head  
of Oberlin college since 1902. He is a  
most effective public speaker and is  
heartily in sympathy with the Chris-  
tian Endeavor movement.

#### Stand by the Boy.

"We must stand by the boy and  
show the world that we have not cast  
him aside."

"The boy" was the younger son of  
an honorable family. He had commit-  
ted a great wrong, and the question  
was what to do with regard to him.  
His brother, a man of high moral in-  
tegrity, said, "We must stand by the boy."

This attitude was Christian. It sug-  
gests a duty to the boy in general, the  
boy that has gone astray. We have  
not always even seen the problem. It  
is being recognized that to save the  
world we must stop the awful waste  
of lives—we must reach and influence  
the young people. We must stand by  
the boy. It is urged against the Chris-  
tian Endeavor society that it reaches  
twice as many girls as boys.

The same might be said of Chris-  
tianity. It is an unmistakable fact  
that the churches draw far greater  
numbers of women than men. The  
reasons are many. But no one ever  
thinks of blaming Christianity or min-  
imizing its value on this account. The  
fact is, take it as we will, that Chris-  
tian Endeavor reaches more girls than  
boys, just as the churches do.

On the other hand, Christian En-  
deavor is elastic enough to reach and  
hold the boys too. What is needed is  
a class of workers that understand the  
boy and will stand by him. Such  
workers are rare, yet that is not the  
fault of Christian Endeavor. The  
Christian Endeavor movement has  
trained many workers, and it is cap-  
able of training still more. We need  
men that will study the boy and do  
something for him. Along with our  
study of missions and civic righteous-  
ness why may there not be committees  
to study the boy—to find out his needs  
and the way to meet them? If the  
boy needs boys' clubs, why may he  
not have them in Christian Endeavor?  
A vast field of usefulness is lying fall-  
ow here. It is a new country, but it  
is the natural inheritance of Christian  
Endeavor. May many hear the call to  
go forward and conquer "for Christ  
and the church."—Ripple in Christian  
Endeavor World.

#### Hymns Cut In Two.

Dr. Cowan, the new editor of the  
Christian Endeavor department in the  
Hawaiian paper, the Friend, is mak-  
ing those pages fairly shine. Here is  
a sample of his pointed paragraphs:  
"I like the Hawaiian practice of  
singing the hymns through. In the  
east too many Endeavor societies chop  
off the head of the hymn—the first  
two stanzas—and throw the rest  
away."

#### It's Mission Is Its Strength.

No organization has a right to exist  
which has not a distinct mission, a  
unique place which none other fills.  
All others are cumberers of the  
ground. Because Christian Endeavor  
has such a mission and fills such a  
place it will, with God's blessing, go  
on from strength to strength in the  
years to come.—Rev. Francis E. Clark,  
D. D.

#### Start of Two Foreign Societies.

Most of the Christian Endeavor so-  
cieties in Persia originated from the  
mission school where Fidelia Fiske  
taught. The pupils, going home for  
their vacations, spend the time in  
starting new Endeavor societies. In  
the same way in Spain many of the  
societies were started by the girls of  
the American mission school as they  
went home for their vacations.

#### Large African Society.

There is a large Christian Endeavor  
society, numbering 200, on the west  
coast of Africa. They do all the  
teaching in the large Sunday school.  
They divide themselves into bands,  
one for each day of the week, and  
take turns going out to preach Christ  
to those who do not know Him.

#### Away Up the Kongo.

A thousand miles up the Kongo there  
is a Christian Endeavor society, the  
members of which were cannibals six  
years ago. Asked to send a message  
to British Endeavorers, they said,  
"Tell them to send more teachers."

All Europe Endeavor Convention.  
The next all Europe Christian En-  
deavor convention is to take place in  
1910, and the city in which it will be  
held will probably be Paris.

## The Want Advertisements Are "Humanizing"

When more people come to use and answer Want and For Sale  
Advertisements, more people will know each other—

**MORE PEOPLE WITH MUTUAL INTEREST WILL MEET—**

more people will find channels and opportunities for reciprocal ser-  
vice. Truly, the Daily Republican Want Ads are "humanizing"  
people—shaming away the scorn of small things, the scorn of "bar-  
gaining," of exchanging useful but not used things for useful and  
usable ones.

## G. A. R. PROBABLY BE INCORPORATE

If the Committee Recommendations Are Carried Out, it Will Come to Pass.

### URGE ACTION IMMEDIATELY

Application be Made to Congress and Officers be Empowered to Execute Papers.

The state headquarters of the Indiana G. A. R. received yesterday as a general order issued from the general headquarters at Red Bank, N. J., the report of an investigating committee favoring the incorporation of the organization. At the last encampment a committee was appointed to consider a plan for the incorporation of the trustees of the permanent fund of the Grand Army with instructions to submit a report to the commander in chief within ninety days of the meeting of the next national encampment.

After careful consideration, according to the report, the committee decides that it would not be wise to incorporate the trustees of the fund, but instead to incorporate the organization. The incorporation of the trustees, it was pointed out, would involve a determination of the relationship of the organization, the adoption and enforcement of the rules.

Says the report: "We recommend the incorporation of the organization, that application be made for the incorporation of the body by congress at the earliest opportunity; that it be incorporated of the body by congress at the earliest opportunity; that it be empowered to execute all necessary papers and make application therefor, and that a committee be appointed to take such steps as may be necessary to bring about the incorporation."

## Fertilizer Agency

For the Hurst & Stein goods. Why it is the best fertilizer on the market. It has from forty to one hundred pounds more phosphoric acid, nitrogen and potash to the ton than any other fertilizer sold in the county. I will sell you a brand of 8-4-8 goods for twenty-one (\$21.00) dollars a ton. Come and see me before buying. I will be at Innis & Morgan's law office every Saturday with samples and take orders.
